

## Did you know?

Minnesota fire departments responded last year to more than 250,000 emergency calls.

Minnesotans experienced \$229 million in fire losses in 2013.

Fire experts report that families may have as little as two to three minutes to escape a house fire.

## STAY FIRE SAFE

- **Pay attention in the kitchen. If you leave the kitchen, turn off the stove.**
- **Keep anything combustibile at least three feet from space heaters, wood stoves or fireplaces.**
- **Practice your family escape plan and make sure everyone knows where to meet following a fire.**
- **Have working smoke alarms in your home. Test them monthly; change the batteries twice a year.**
- **Keep candles away from combustibles and never leave candles unattended.**
